

**Advanced technology translated
to the leanest form**

With clean lines and intuitive controls, Axos incorporate precise upholstery craftsmanship and sleek frame details to achieve perfection in every detail. Adjustment controls, like the unique transmotion mechanism, simulate the body's natural movements and offer the best support in every position.

Kimball® Office

interstuhl®

AXOS™

Axos™ executive, conference and guest chairs enrich any workplace environment

- Mid and high back desk chairs and cantilever side chairs.
- Metal base and frame with upholstered seat, back and armrests.
- Patented transmotion mechanism on desk chairs enables healthy movement while seated; knee-tilt mechanism available for conference models, both with back lock.
- Pneumatic seat height adjustment on management and conference models.

Axos™ may contribute to LEED credits. Please refer to our Environmental Data Sheets, located on www.kimbaloffice.com, for specific details.

Axos™ meets SCS Indoor Advantage Gold certification.

the BIFMA sustainability standard

Kimball Office products are level™ certified. level™ provides an easy way to understand how our products can contribute to your sustainability goals. level™ ensures a comprehensive, independent and impartial assessment of the environmental and social impacts of a product's manufacture to the ANSI/BIFMA e3 sustainability standard.
