

Discontinuation Policy

Kimball Office strives to give all business partners advanced notification of surface materials that are scheduled for discontinuation. Efforts will be made to support discontinued materials as specified in the deletion announcement. Pricing cannot be guaranteed. Extended leadtimes and minimum order requirements may apply.

Disclaimer

Kimball Office will make every reasonable effort to maintain our commitments. If surface material changes must occur due to unforeseen circumstances, we will work with you on an alternative recommendation. Kimball Office reserves the right to cancel or make changes to standard products and surface materials.

Finishes & Materials

Kimball Office | interstuhl Seating Upholstery Application Matrix

Characteristics:

Different coverings and seating constructions will respond better than others to specific seating applications. Certain upholsteries are more prone to relaxing over time and may demonstrate characteristics such as wrinkling, pilling, fuzzing, or puddling. This does not indicate that the covering or application is deficient, but is considered a normal, inherent characteristic.

Some Kimball Office fabrics (i.e. some woven fabrics) may relax over time creating a loosely upholstered appearance.

Kimball Office will always ship a satisfactory commercial match. Because of industry dye-lot variation, colors may not match exactly.

Fabrics are not warranted against fading and wear, discoloration from contact with liquids, or change in color or texture caused by application of finishes (flame proofing, stain resistance).

Note: Open cell indicates pattern is not available for that seating line.

Swatches:

Swatch cards and memo samples of Kimball Office upholstery are available upon request. There may be slight differences between samples and actual yardage as a result of variations in dye lots.

To order swatches:

- Visit our web site at **www.kimballoffice.com** to order materials electronically
- Contact your Kimball Office Sales Representative or the nearest Kimball Office Showroom

Flame Resistance

Flammability testing determines a fabric's resistance to burning.

<i>Application</i>	<i>Passes</i>
Upholstery	California Bulletin 117, Section E, Class 1
Panels and uphol. walls	ASTM E-84 (unadhered method), Class A or 1

TB117

California Flammability Regulation #117 is a set of minimum allowable standards of flammability to which all upholstered furniture sold in the State of California must comply. It relates primarily to fabric coverings and resilient fillings. All shipments of Kimball Office upholstery comply with Regulation #117 and our invoices and

law labels for such goods bear certification that our upholstered products comply.

UFAC

All Kimball Office seating is made in accordance with the Upholstered Furniture Action Council (UFAC) criteria to reduce chance of ignition by burning cigarettes.

TB133 Factor

TB133 factor is a full-scale fire test for furniture manufactured for public use in which an entire piece of furniture is tested as a unit. Kimball Office offers a wide variety of seating products that can be manufactured to meet TB133.

Advisory

Purchaser must consult local fire and code official to determine the suitability of product being selected for any particular application. Certain jurisdictions may require the use of additional fire retardants of composite flammability testing. Kimball Office assumes no responsibility for composite testing or for compliance with any particular code or other flammability standards different than as contained in applicable catalog information unless such requirements are specified in writing by purchaser to Kimball Office prior to confirmation of order. Cost of additional flammability treatments or testing needs of purchaser shall be borne by purchaser.

Key:

- = Complies with standard

Contrasting Upholstery:

Contrasting upholstery is defined by entire back and seat upholstery application. Contrasting upholstery is available on the following seating series:

- Hero. Just for You.
- Mitos mobile
- Xantos

How to Specify Contrasting Upholstery:

- ① Follow the How to Specify steps on the appropriate pricing pages for the seating model, indicating the contrasting fabric information in the order outlined.

Note: The best way to price a seating product with contrasting upholstery is by using an electronic specification tool. If one is not available, you may contact Customer Service.

Finishes & Materials

How to Order:

- ① Request application testing.
 - See form and specific instructions on page 331.
- ② You will receive notification of approval or disapproval via e-mail.
- ③ Submit your purchase order.

Note: Order will be acknowledged with a tentative ship date and notification of the date COM/COL must be received. If not received by that date, your ship date will be reassigned.
- ④ After order acknowledgement is received, ship fabric or leather "DDP" (delivered duty paid) to:

Interstuhl Büromöbel GmbH & Co. KG
 Brühlstrasse 21
 Wareneingang Textil—Rampe 1
 D-72469 Messstetten—Tieringen
 Germany
 Attn: COM/COL Application Test Department

Include:

- Dealer name
- Purchase order number
- Kimball Office seating model number(s)
- Quantity of chairs
- Kimball Office acknowledgement number

IMPORTANT: Due to specific international shipping requirements, it is recommended that COM/COL be shipped directly from the mill.

COM and COL Kimball Office | interstuhl Process Overview

Kimball Office will upholster its products in materials supplied by the customer whenever possible. Before ordering COM/COL, please read all the information in this section.

Application Approval

Kimball Office requires that a sample 2 yards of fabric or 22 sq. ft. of leather be submitted along with a purchase order for testing and a COM/COL Application Test Form prior to an order being placed.

➤ See page 331 for Test Request Form.

Kimball Office approval signifies only that such materials can be applied to the products for which it was tested. Such approval does not constitute any responsibility nor any warranty on the part of Kimball Office as to appearance, behavior, or durability of the material.

Fabric Characteristics

Kimball Office inspects fabrics for mill imperfections, but some are difficult to recognize. Kimball Office is solely responsible for seating workmanship and cannot assume responsibility or liability for the durability, tailoring appearance or other qualities such as color inaccuracies, dye lot variations, and other such flaws or defects of customer furnished coverings.

Kimball Office | interstuhl

Different fabrics and seating constructions will respond better than others to specific seating applications. Certain fabric constructions are more prone to relaxing over time and may demonstrate characteristics such as wrinkling, pilling, fuzzing, or puddling. This does not indicate that the fabric or application is deficient, but is considered normal behavior as an inherent characteristic of the fabric.

Directional upholstery, such as stripes, patterns, and plaids may not be suitable for chairs with contoured shapes, tufting, or decorative stitching. Every effort is made to upholster all chairs as expertly as possible; however such orders are not subject to return. If in doubt about an upholstery application, please contact Customer Service prior to placing the order.

Kimball Office will apply the fabric as indicated on the Application Test Request Form, and cannot be held responsible after the upholstery is applied.

Decorative Patterns

Yardage requirements are greatly affected by not only the size of repeats, but also by the print or pattern. Kimball Office cuts all seating patterns with aesthetic concerns in

mind for high quality and consistency, unless directed otherwise on the Application Test Request Form

Directional Fabrics

Some COM fabrics are considered directional that may not be considered directional by the fabric supplier due to the upholstering process used by Kimball Office.

All COMs are cut "up the roll" by Kimball Office unless specified differently. To railroad, the pattern must be custom quoted.

➤ Please contact **By Design**.

Flammability Compliance

Kimball Office assumes no responsibility for the flame retardancy of any COM.

Customers are solely responsible for making sure that COM complies with all applicable codes and regulations.

When COM or COL products must meet specific requirements, Kimball Office will require the customer to supply documentation that the material meets the code requirements.

Customer's Own Leather

Kimball Office is pleased to cooperate with COL selections whenever possible.

Leather is a natural product and variation in texture is a pleasing quality belonging exclusively to high grade, full top grain leathers.

Size requirements are based on usable sq. footage. The shape of a hide and the usable, clean footage may make it necessary for us to request more leather after COL is received.

Calf hides must be at least 30 square feet of clean, usable, matching hides. When specifying calf hides, add 15% to COL requirements.

Storage

Kimball Office will not store excess COM/COL after completion of order.

TB133 Pricing for Kimball Office | interstuhl Upholstery

How to Use this Chart:

Note: This chart **must** be used in conjunction with the pricing page for the seating model you are specifying.

- ① Determine the correct model number to which you want TB133 applied and locate it in the chart.
Note: The **F** at the end of these models represents TB133.
- ② Read across the table to the column for the appropriate upholstery price grade. This is the "base price" of the model.
- ③ Return to the appropriate pricing page for options pricing and to complete your specification based on the How to Specify steps, using the model number including the **F**.
