# Carrington

## Overview

### Design Variations:

Slat Back

Upholstered Back

**Two different back styles** are available on Carrington side chairs; each is available as a high back or mid-back. Two-seat bench is available with slat back.

**Frame** is constructed of kiln-dried cherry or maple hardwoods.

*Note: Cherry models use cherry and other select hardwoods.*

**Joints** are double doweled and securely glued to ensure maximum strength.

**Corners** are reinforced with wood corner blocks and tie screws.

**Slats** on slat back models are individually shaped and hand set using mortise and tenon joints to prevent twisting.

**Cushions** are high resiliency, CFC-free polyurethane foam.

**Nylon glides** are 7/8" in diameter.

### Features

**Seat suspension** is constructed of of molded plywood that is machined to form an open perimeter. Unidirectional webbing is machine stretched across the open perimeter and stapled to the edges to form a suspension.

**Seat cushion**, applied to the flexible webbing suspension, is 3¾" thick on high back and mid-back chairs and 4" thick on two-seat bench.

**Seat upholstery** is wrapped over the seat cushion and secured to the seat suspension with upholstery staples. The entire seat assembly is fitted into the frame with wood screws inserted into the wood corner blocks.

**Back on upholstered back model** is constructed using molded plywood that is secured to the frame with wood dowels and screws. 1½" thick foam is applied to the plywood panel on the inside back of highback models (foam is 1¼" on mid-back models); ¾" thick foam is applied to

the outside back. Upholstery is wrapped over the foam and secured with upholstery staples.

**Arms on upholstered back chairs** have upholstered wood inserts shaped to fit the inner arm of the chair frame. ¼" thick foam covers both sides of the 1½" thick panels. Arm inserts are held in place with wood dowels and screws.

### Actual Dimensions:

<b>High Back</b>	83308, 83310, 83408, & 83410
Height	37"
Width	23¼"
Depth	24¼"
Arm height	24"
Seat height	18"
Seat width	20"
Seat depth	19"
<b>Mid-Back</b>	83309, 83311, 83409, & 83411
Height	31"
Width	23¼"
Depth	24"
Arm height	24"
Seat height	18"
Seat width	20"
Seat depth	19"
<b>Bench</b>	83422
Height	31"
Width	47"
Depth	23¼"
Arm height	24"
Seat height	18"
Seat width	43¾"
Seat depth	19¼"
