

Statement of Line

Designed for Kimball

Office by David Allan

Pesso, Delano

harmonizes wood, metal,

and tailored cushions in

a contemporary,

architectural approach.

There are one-, two- and

three-seat models,

tables, a bench, and an

ottoman. Versatile

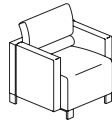

configurations are

possible with tandem

seating units, in-line

tables, storage tables

and tablet arms.

Lounge Seating with Arms

Available in 3-seat, 2-seat, and 1-seat models.

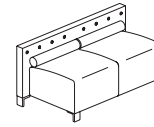

▶ See page 74 to specify.

Lounge Seating without Arms

Available in 3-seat, 2-seat, and 1-seat models.

▶ See page 74 to specify.

Bench

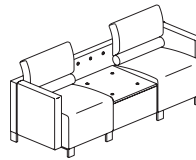

Available in 3-seat and 2-seat models.

▶ See page 75 to specify.

Ottoman

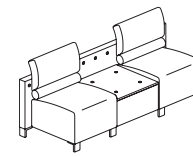

▶ See page 75 to specify.

Tandem Seating with Arms

Available with center, center storage, end, or end storage in-line table.

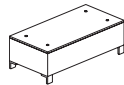

▶ See pages 76–79 to specify.

Tandem Seating without Arms

Available with center, center storage, end, or end storage in-line table.

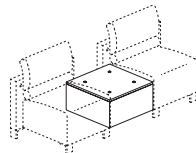

▶ See pages 76–79 to specify.

Freestanding Tables

Available in rectangular magazine table and square end table models.

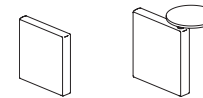

▶ See page 81 to specify.

Configurable In-Line Tables

Available in center, end, center storage, end storage, 90° and 45° models.

▶ See page 82 to specify.

Arms and Tablet Arms

Available for field installation.

▶ See page 80 to specify.

Overview

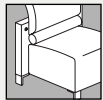

Lounge Seating Design Variations:

3-Seat 2-Seat 1-Seat

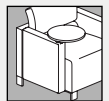

With Arms

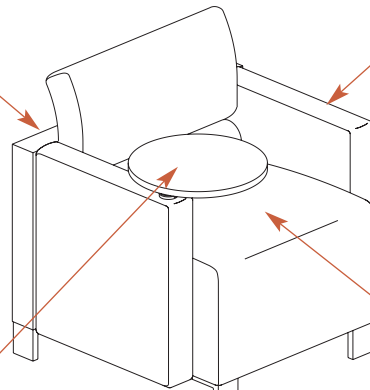

Without Arms

Lounge seating is available in 3-, 2-, and 1-seat models, each with or without factory-installed arms. Arms are also available for field installation.

Tablet arm is available factory installed or for field installation. Wood tablet surface is standard; black thermofoil surface is available as an option.

Wall is constructed of 3/4" MDF and attached to the arms/backs using black 5/16" diameter, socket head bolts inserted through a decorative brushed aluminum washer.

15" writing surface on tablet arm swivels 180°. Tablet mounts to a mechanism that fits into the structure of the tablet arm. Tablet is 3/4" plywood with a wood veneer or black thermofoil writing surface.

Non-skid glides are 3/4" in diameter and adjustable.

Arm frames are constructed of 3/4" plywood, wrapped with 1/4" foam (foam is covered with 1/2 ounce of polyester on top of arm for added comfort), slipcovered, and attached to both the frame and the wall.

Cushions are high grade resiliency, CFC-free polyurethane foam.

Legs are solid aluminum and finished with a natural, brushed finish.

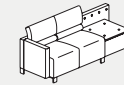

Tandem Seating Design Variations:

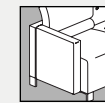

In-Line or Storage Table, Center

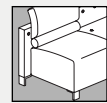

In-Line End or Storage Table, Right (as seated)

In-Line End Table or Storage Table, Left (as seated)

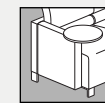

With Arms

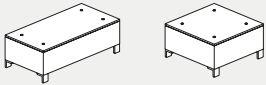

Without Arms

Tandem seating is available with or without arms.

Tablet arm is available factory installed or for field installation.

Freestanding Tables Design Variations:

Rectangular
Magazine

Square
End

Freestanding tables are available in two design.

Features

Frame is constructed of 3/4" plywood and attached to the wall. Frame construction meets or exceeds ANSI/BIFMA x5.4-1997, Lounge Seating Test Standard.

Back is constructed of 9/16" plywood.

Back cushions are 2" high-grade polyurethane foam wrapped with 1/2 oz. of polyester. Each cushion is 24"W and upholstered using a slipcover-style upholstery method.

Seats have a high tension strip webbing suspension that is stapled to the frame.

Seat cushions are 3 1/2" high-grade polyurethane foam that is custom shaped. Each cushion is 24"W and upholstered using a slipcover-style upholstery method.

Bolster is 4 1/2" foam, wrapped with 1/2 oz. polyester, slipcovered and closed with a zipper. The bolster is attached to the back of the seat box.

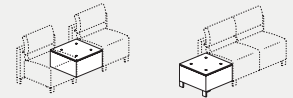

All seating models are fully upholstered. Bottom is finished with a black fabric dust cover.

Tables are constructed of 3/4" plywood. Corners are mitered, then glued and cleated together. Tops on rectangular and square tables are 3/4" plywood with quarter-cut sketch veneer and a non-rubbed finish. Tops on side and 45-degree tables are 3/4" plywood with plain-sliced book-matched veneer and a non-rubbed finish.

Storage tables feature a pull-out drawer. Drawer sides have a 1/2" flakeboard core with a maple veneer face and back. Drawer bottom is 7/32" 5-ply construction with a maple face and maple/birch back. Drawer fronts have a 3/4" flakeboard core with a grade 1 veneer face and grade 2 veneer back. Fronts are fastened to the drawer with washer head (truss) screws. Dowel construction is utilized. Black, progressive-action slides with precision steel ballbearings ensure long lasting, quiet and smooth operation. Slide fully extends (19") and has a 100 lb. load rating.

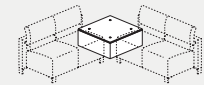

Locking casters on the mobile table are 4"H.

Configurable Tables Design Variations:

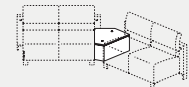

Center In-Line

End In-Line

90° In-Line

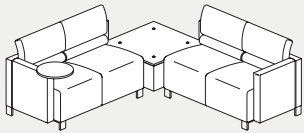

45° In-Line

Configurable tables are available in four designs. Center and end in-line tables are also available as storage tables.
