Overview and Pricing

Kwik Office Models:

Mid-Back with Upholstered Back and Seat (QK15C2702)

- 5800 Black Lucia fabric
- 2-D arms
- Seat slider
- 39³/₄"-49³/₈"H x 25³/₄"-27"W x 25"D

Mid-Back with Mesh Back and Upholstered Seat (QK17C2702)

- Black mesh
- 5800 Black Lucia fabric
- 2-D arms
- Seat slider
- 40¹/₈"-50¹/₂"H x 26"-26³/₄"W x 25"D

Upholstered-back models

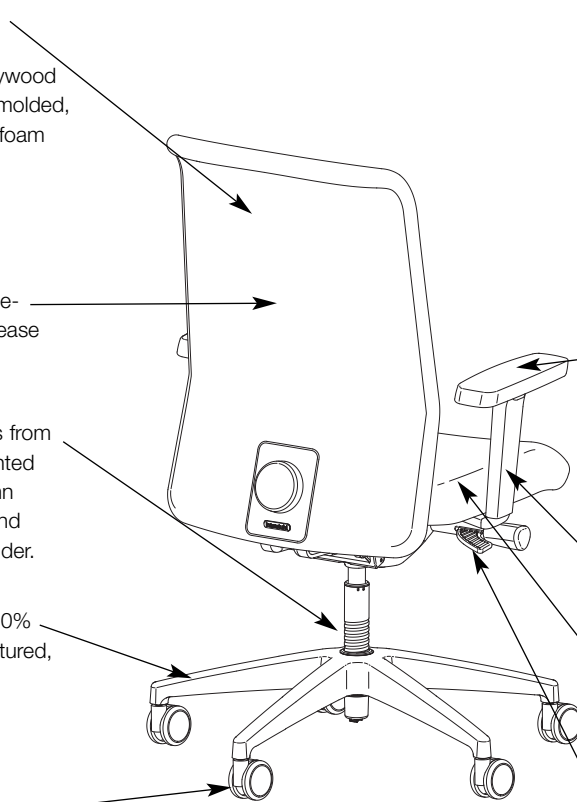

feature a nine-layer molded plywood shell surrounded by molded, CFC- and CHC-free foam and upholstery.

Back features a three-position lock with release mechanism.

Seat height adjusts from 15⁷/₈"-23" via a patented twist/threaded column adjustment feature and pneumatic (gas) cylinder.

Five-star base is 30% glass-filled nylon, textured, black plastic.

Black, dual-wheel casters on desk chairs are 65mm in diameter.

Mesh-back models

incorporate a mesh design perfectly proportioned to give ergonomically correct, flexible support in all upright or reclined positions. The mesh is pulled over a structural, black metal tubular frame.

T-shaped arm rests are standard with 2D adjustability. User can adjust the arm vertically within a 4¹/₄" range (11 positions) and horizontally within a 2¹/₂" range. Arm caps are black polyurethane.

Arm structure consists of a steel upright covered in black nylon.

Seat cushions are 2¹/₈" thick—1³/₄" CFC- and CHC-free molded foam, over a seven-layer molded plywood shell.

Synchro mechanism provides fully synchronized seat-to-back movement. Allows user to lock the chair in multiple positions within the range of movement using a single lever.

How to Specify:

- ① Model:
QK15C2702 = Upholstered back and seat
QK17C2702 = Mesh back and upholstered seat
