

Universal Bookcases

Shelf Installation

Tools Required

- None

Package Contents

- 4 Shelf Support Brackets per Shelf

Installation

1. An adjustable shelf consists of a shelf and four shelf support brackets. (Figure A).
2. All cabinets feature pre-bored holes 2" apart. Recommended shelf spacing is #2 position for proper ring binder clearance. (Figure B).
3. For repositioning of shelves, the shipping screws must be removed. (Figure C). Remove shelf and move shelf support brackets to desired hole locations making sure all are at the same level.
4. For additional security, adjustable shelves can be fastened into position using #6 x $\frac{5}{8}$ " panhead screws.
