

**Versatile, adaptive, effortless  
and—shall we say—fluent?**

Designed by David Allan Pessa, Fluent™ combines old world craftsmanship and durability with the latest technology. This simple platform of all-purpose components is easy to install and can easily be reconfigured to your workspace's ever-evolving demands. All surfaces are finished to perfection and sized to maximize usable space for the occupant. It can accommodate private or open-plan configurations and conform to the individual preferences of a multi-generational workforce.

Kimball® Office

FLUENT™

**Fluent™ desking is flexible, interactive and gives you the ability to change on a whim**

- Precision compound lock miter construction forms this elegant contemporary design by David Allan Pessa and the Kimball Office design team.
- Easy to install and set in place, most components are non-handed and non-defaced by installation. Reconfigure in a snap to suit personal preferences or shifts in work mode.
- Variety of materials: wood, glass, paint and laminate with anodized aluminum accents. Finished on all sides with Pura, the proprietary UV finish from Kimball Office.
- Vertical storage, low storage, under-worktop mobile storage.
- Overheads, workwall and workwall accessories are completely modular. Storage units have center dividers and multiple shelves that can be repositioned by the user.
- Re-engineered office space features reduced-depth worksurfaces and increased bridge/return space, for more overall useable space. Customize with privacy screens and modesty panels.
- Abundant power access and integrated wire management.

Fluent may contribute to LEED credits. Please refer to our Environmental Data Sheets, located on [www.kimballoffice.com](http://www.kimballoffice.com), for specific details.

Fluent meets SCS Indoor Advantage Gold certification.

the BIFMA sustainability standard

Fluent is level™ 1 certified. level™ provides an easy way to understand how our products can contribute to your sustainability goals. level™ ensures a comprehensive, independent and impartial assessment of the environmental and social impacts of a product's manufacture to the BIFMA e3 sustainability standard.
