

**Synergize your space** And place storage, worksurfaces, panels, functional tiles and other tools anywhere you want them. Traxx is a simple, but revolutionary, horizontal mounting system that turns architectural constraints into useful square footage. It attaches directly to existing walls and is able to traverse columns and other building obstructions.

Kimball® Office

TRAXX®

**Traxx® System helps you override the floor plan and design the way you want to work**

- Attaches to existing studs, blocks or solid masonry without additional blocking.
- Start a panel run of any Kimball Office system anywhere along the building wall with Traxx. Traxx mounts to fixed wall architecture, creating system functionality.
- Allows placement of panels and components to be 100% off-module.
- Field scribe to work around obstacles to create useful workspace anywhere.
- Create seamless transitions from private to open plan.
- Lower Traxx supports worksurfaces, upper Traxx holds overheads.
- Mount tackable fabric, slat, or marker board tiles.
- Put all workspace accessories within reach.
- Presentation tools like Swivel Marker Board and Expandable Flip Chart Holder adjust for ergonomics and ideal viewing.

Traxx may contribute to LEED credits. Please refer to our Environmental Data Sheets, located on [www.kimballoffice.com](http://www.kimballoffice.com), for specific details.

Traxx meets SCS Indoor Advantage Gold certification.

the BIFMA sustainability standard

Traxx is level™ 1 certified. level™ provides an easy way to understand how our products can contribute to your sustainability goals. level™ ensures a comprehensive, independent and impartial assessment of the environmental and social impacts of a product's manufacture to the BIFMA e3 sustainability standard.
